Sir:

Enclosed for filing in connection with the above-identified application are 3 sheets of formal drawings in compliance with the Notice of Allowability dated November 22, 2005. These drawings merely clean up the figures previously filed and designate Figure 2 with the "Prior Art" caption. These Amendments add no new matter.

The Notice of Allowability stated that a Notice of Draftsperson's Drawing Review (PTO-948) was attached thereto, but such a Notice was missing from the papers, and also not indicated on the Notice's transmittal form (PTOL-37). If such a Notice is forthcoming, the undersigned will respond to it in due course.

The Notice of Allowability was based on a telephone interview conducted on November 15, 2005. The Examiner's Interview Summary states that "it was agreed

Applicant: Campagnolo
Application No.: 10/663,458

that the amendment to claim 17 did not overcome the rejection as being unpatentable by Campagnolo....” This is not the undersigned’s recollection of the interview. While the undersigned agreed to cancel claims 17, 18, and 20 for the purposes of advancing prosecution of the application, the undersigned does not concede that the amendment to claim 17 failed to overcome the prior art. No further comment is believed necessary on this point, but this clarification may be important for future continuation applications claiming priority from this application.

Respectfully submitted,

Valentino Campagnolo
